### THERE'S NO PLACE LIKE UTOPIA

BY NANCYLUPARELL WRITTEN JULY 29, 2014

This is a great film!! Lots of information along with being entertaining. Highly recommend this film!!

### BRILLIANT METAPHOR FOR WHAT'S AILING US: THERE IS NO WIZARD & THE ONE WHO CLAIMS TO BE, IS A FRAUD

BY TELLTRUTHANYWAY WRITTEN JULY 29, 2014

It took great courage to make this movie. Among other things, the film illustrates clearly the fear in this country (even in places you wouldn't expect) about speaking out and telling the truth about the terrifying road of communism and tyranny that we are on. Many people don't want to admit what Joel Gilbert has had the courage to do it here, yet they know something is frighteningly wrong with our country today. Like the cowardly lion, we MUST face the fear and find the courage to tell the truth. The country was duped and lied to. Tyranny is underway and worse is soon to follow. We must oppose it in the greatest numbers possible and fight it with all our might. History is littered with the horrific examples of what happens when you don't. This film urges us to find the courage and to stand firm and to stand up NOW for freedom before it's gone.

### HIGHLY RECOMMEND IT TO EVERY AMERICAN

BY DANNAO WRITTEN JULY 29, 2014

This is a must see for every American. So many people cant see any of the destruction happening to this country. This would help them see a bit more clearly.

## IF YOU CAN VOTE, YOU NEED TO SEE!!

BY HOUSKNUCKLE WRITTEN JULY 29, 2014

The film was done really simple, but Joel did a great job with making it entertaining and even getting a few laughs here and there. However, when you get down to the content and the message that Joel presents, it's a down right slap on the face. Grab a few friends and come see it. Then discuss it!!

## EDUCATIONAL AND INSPIRING

BY LEAHCASAGRANDA WRITTEN JULY 29, 2014

I loved this film. I am encouraging those around me to see it and talk about it. My husband and I had a long discussion about the future of our country and the raising of our children after seeing this film. I think young and old alike will get a lot out of seeing this.

★★★★★

## UTOPIA OR OZ

BY SHERRILLJJONES WRITTEN JULY 30, 2014

Another brilliant piece of work by Joel Gilbert! This time showing the man behind the curtain as the charlatan he is. The myth of Utopia and the oppression of the middle and lower classes, the crushing blow of socialism, and how we are headed like lambs to slaughter unless we wake up the sleeping giant and take America back.

★★★★★

## THANKS FOR BEING BRAVE

BY FBACCTS WRITTEN JULY 30, 2014

This is a documentary I would wish every American to see. Alas, it is probably way too late to save us from ourselves. The evidence Gilbert presents is overwhelming and well-researched. The "Oz" format is a bit quirky, but may well be effective to somewhat lighten an otherwise somber, terrifying subject matter. The problem is that only old people were at the showing AND this movie has not been well advertised. It will pass just like all the other warnings we have had but through which we have collectively slept. Too bad for the Late, Great USA.

## THERE'S NO PLACE LIKE UTOPIA

BY KMODENBACH WRITTEN JULY 24, 2014

We were among the enthusiastic crowd that saw Utopia on July 18th. Go see it! You'll enjoy hearing some laughter at those times people in the documentary say things you know to be true. It was a fresh and non-threatening approach to exposing the truth of socialism in the United States. Great job, Joel!

## TO JOEL: WELL DONE GOOD AND FAITHFUL SERVANT!

BY LKARRES4 WRITTEN JULY 24, 2014

We loved, "There's no place like Utopia!" What a well made and entertaining movie! Joel Gilbert is truly a 'watchman on the wall.'" He continues to articulately alert audiences around the country of the severe dangers facing our once great nation that continues to result from depraved leadership. A particular Bible verse which perfectly explains why most of our nation's citizens are unaware of these dangers we are facing: "They perish because they refused to love the truth and so be saved. For this reason God sends them a powerful delusion so that they will believe the lie." 2 Thessalonians 2: 10b-11. With Thankfulness and Gratitude, Maria, Mary Lou and Lisa

## REVIEW OF NO PLACE LIKE UTOPIA

BY SEAN985 WRITTEN JULY 24, 2014

Interesting and funny, Joe Gilbert does a fantastic job of exposing the man behind the mask.

## THERE'S NO PLACE LIKE UTOPIA

BY SUDOLABRO WRITTEN JULY 24, 2014

Awesome documentary, it's a funny, satire about the government now, well done thought provoking. However, a rude awakening to those who've chosen to keep their eyes closed, it is a reality to nothing is free, NOTHING, you want they give then take it all back and more, the actors were real people. I feel it's a must see for all who care about this country. Please get your friends together and go, young and old should see this-remember youth it's your future.

★★★★★

## THERE'S NO PLACE LIKE UTOPIA

BY LROCKYL WRITTEN JULY 24, 2014

Utopia from Greek ou "not" + topos "place" (NO PLACE) I like this Documentary because it correctly points out the battle between Individual Liberty and Communism, Socialism and Progressivism, that we as American citizens are in the process of loosing. Joel Gilbert has done an excellent job in exposing that Communism is not dead, it is alive and well and hiding it's ugly head in Washington DC

## THERE'S NO PLACE LIKE UTOPIA

All Americans should see this movie. Republicans will learn a simple, informed message that's easy to articulate to friends and neighbors. Open minded Democrats and Independents will see and hear things about the current progressive movement that will be new information to many. Joel Gilbert's movie is a wake up call for America. At once, it's brilliant, funny, and terrifying. Go see it.
